**PLAISTOW-KINGSTON ACCESS MANAGEMENT WORKSHOPS**  
**PLANNED RECONSTRUCTION OF SIX MILES OF NH ROUTE 125**

Preserving and effectively managing the flow of traffic along the NH Route 125 corridor is the goal of an access management plan that will be developed as part of the planned reconstruction of a six-mile section of NH Route 125 in the towns of Plaistow and Kingston.

The New Hampshire Department of Transportation will hold two Access Management Informational Meetings on Wednesday, December 4 in Plaistow and Thursday, December 12 in Kingston. All persons interested in the future of the NH Route 125 corridor in Plaistow and Kingston are encouraged to attend one of these public meetings.

The December 4 public meeting will take place at the Timberlane Regional High School cafeteria, 36 Greenough Road in Plaistow, NH. That session will be followed by the December 12 meeting at the Kingston Town Hall, 163 Main Street in Kingston, NH. Each meeting will involve an informal discussion period from 5:00 pm to 7:00 pm, followed by a presentation from Department of Transportation representatives from 7:00 pm to 8:00 pm, and concluding in a question and answer session from 8:00 pm to 9:00 pm.

The reconstruction of NH Route 125 from East Road in Plaistow to the intersection with Main Street in Kingston is scheduled to begin in 2006/2007. The goal of an access management plan is to achieve a proper balance of access to the highway while maintaining the efficient flow of traffic along the corridor.
